Dear John,

I thought I would write a note and let you know things are still moving along on the inner planes a great deal toward the formation and success of the Fetzer Foundation. Last Monday the energy shifted some and it is now more of an influence of Karmic and energy from our life time in Israel at the time of Jesus. A great new influx of spiritual energy and goals have been put into motion again which was started some 2000 yrs ago, in Israel.

Looking forward to possibly  
seeing you again in the future  
so we can try for the Spiritual  
Transmission. Until then I  
will let you know how things seem  
to be moving along from the  
inner Plane.

I think of you and the work  
you are doing often and my  
prayer & thoughts are with you.

In the Master's  
Light & Service

Love  
John

Happy Thanksgiving
